LOKESHWARAN K

Software Engineer | React.js · Spring Boot · REST APIs · Flask · AI/Agentic
lokeshwarankrishnasamy0107@gmail.com | +91-99521-46912 | Chennai, India | GitHub | LinkedIn

PROFESSIONAL SUMMARY

Software Engineer with hands-on experience in full-stack development and AI agentic frameworks. Skilled in Python/Flask, React.js, Spring Boot, REST APIs, and MongoDB. Strong foundation in Agile practices, CI/CD, and clean coding. Experienced in building production-grade applications, modular architectures, and AI-powered systems.

TECHNICAL SKILLS

Languages: Python, Java, C, Perl

Frontend: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3

Backend: Flask, Spring Boot, REST APIs, Microservices, Node.js

Databases: SQL, MongoDB, Neo4j, Redis

AI/Agentic: LangChain, LangGraph, RAG, context/memory systems

Tools: Git, VS Code, GitHub, APScheduler, WebSockets, CI/CD pipelines

Other: Agile SDLC, API Design, Modular Architecture, Governance & Guardrails

EXPERIENCE

Full-Stack Developer — Blue Silicon Infotech Pvt. Ltd. *Jul 2025 – Present*

Medsy — AI-Powered Medical Education Platform

- Built Flask backend with 80+ modular blueprints, serving React frontend via REST APIs & WebSockets.
- Implemented JWT-based authentication with role-permission payloads and module-level access control.
- Integrated AI content generation using LangChain + Neo4j RAG for automated assessments.
- Developed real-time features via Flask-SocketIO for live evaluations and notifications.
- Designed modular, platform-agnostic architecture decoupled from single LLM vendors/cloud providers.
- Applied CI/CD, version control, code reviews, and testing to ensure production-grade quality.
- Impact: Enabled medical institutions to manage courses, assessments, and AI-generated content through a unified admin platform.

Software Engineering Intern — Thoughtflair Technology, Chennai *Aug 2025*

- Built React.js frontend integrated with Spring Boot REST API backend; practised Agile sprints and Git workflows.

Web Development Intern — Oasis Infobyte, Chennai *Jun – Aug 2024*

- Delivered 3 responsive web projects using HTML5, CSS3, and JavaScript.

Joint Secretary — IEEE Student Branch, Jeppiaar Engineering College *2023 – 2024*

- Coordinated technical workshops for 100+ students; managed team logistics and communication.

PROJECTS

Smart Student Portal — *React.js · Vite · REST API · JavaScript*

- Built a student dashboard with CRUD operations, React Router navigation, and responsive UI — integrated REST APIs for dynamic data handling with role-based access.

Restaurant Ordering Website — *HTML5 · CSS3 · JavaScript*

- Designed a mobile-friendly food ordering platform using Flexbox, CSS Grid, interactive menu sections, and seamless ordering experience.

EDUCATION

B.E. Electronics & Communication Engineering — Jeppiaar Engineering College, Chennai *2022 – 2026 | CGPA: 7.5*
HSC (12th) KEREN Matriculation Higher Secondary School *2021 – 2022 | 88%*
SSLC (10th) VIVEKANANDA Matriculation Higher Secondary School *2019 – 2020 | 86%*
